

**Dear Educators,**

We are delighted to announce our next workshop from 3<sup>rd</sup> to 6th May 2023! We look forward to meeting you and sharing a meaningful, reflective and inspiring few days with you. This is a one-of-a-kind opportunity where you will have the chance to interact with all stakeholders of the school community.

Some of you may be new to [Initiatives of Change](#) (IofC) and Education Today Society Tomorrow (ETST), but our workshops encourage all educators to introspect on the purpose of their lives, role as leaders, the purpose of education and to share best practices. Here is a brief peek into programmes at Asia Plateau (AP). This video will give you an insight into the history and philosophy of IofC. It also highlights its many activities and beneficiaries.

Many of you have attended our programmes, over the past 30+ years, and have shown keen interest and belief in the idea of 'reinventing schools and rebuilding the world' by attending the ETST workshops, and working towards imbibing the IofC philosophy. Are you ready for the next step?

We invite you to participate in a workshop with a difference. The theme of the workshop is 'Educating for Life', but for the first time we invite participants from the entire school community. Teachers, leaders, parents and even students, are all welcome to register for this exciting new offering.

### **The objectives of this workshop:**

Participants attending this workshop will be able to:

- Introspect and seek inspiration from their inner voice to make changes in themselves and empower themselves to make changes in the world.
- Build open communication and trust amongst all stakeholders of a school community.
- Become aware of and deliberate on the changes needed in education today, to co-create a better tomorrow.
- Think of ways, and plan how to apply the new learnings in personal life and education.

### **Who may attend:**

We wish to include all stakeholders of the school community, so would like to invite participants from all the following groups ...

Parents, Teachers, Principals, Management members and Students (age group 12 to 16 years)

**Confirmation will be on a 'first come first served' basis so please register at the earliest.**

### **When and where:**

Dates: The workshop **begins at 2 pm on May 3rd and ends at 12.30 pm on May 6th, 2023.**

Venue: Asia Plateau(AP), Initiatives of Change Training Centre, Panchgani, Maharashtra 412 805.

### Registration details:

This programme is subsidized by the Trust to enable wider participation. To meet the basic workshop costs, you are requested to pay a participation fee of ₹7.080/- including GST, per participant for adults and students.

The link for registration and payment: <https://in.iofc.org/educating4life>

The last date for registration: 20<sup>th</sup> April, 2023. The workshop is limited to approximately 100 participants, on a 'first come, first served' basis, so please register at the earliest.

### Accommodation and Food:

Boarding and Lodging is included in the fee. Rooms will be allotted on a twin sharing basis.

### Travel to and from Panchgani:

This will have to be arranged by the participant. There are no train or air services to Panchgani and the nearest railhead and airport are at Pune. Buses and taxis from Pune to Panchgani are available in plenty, so you can easily arrange for transportation to AP.

Please contact the following for any queries or help that may be required....
